SAFER COMMUNITIES CALIFORNIA

THE SAFER COMMUNITIES PLEDGE

A commitment for candidates for state and local office

I pledge to put the safety of California families, victims, and neighborhoods first.
If elected, I will work to:

1. **Hold repeat offenders accountable.**
   Support practical enforcement against repeat theft, organized retail crime, and serious violent offenses, while preserving due process and individualized review.

2. **Pair treatment with accountability.**
   Support effective mental health and substance use treatment with clear standards, follow-through, and public reporting on results.

3. **Protect neighborhoods and schools from violent sexual predators**
   Pursue limitations on commercial sex offender housing in local communities and oppose all elder parole or special circumstances parole for incarcerated sexually violent predators.

4. **Stand with victims and local communities.**
   Support victim services, responsive law enforcement, and transparent data on repeat offending, enforcement, and public safety outcomes.
